Verbal Report

Deacon Report by Justin Roath - Deacons have met three times since last business meeting.

Spending more time in prayer and training by Pastor. Learning to be more effective in greeting those who come forward in the service. Reviewing the Baptist Faith and Message. Responded to two requests for benevolence. Seeking God's intervention regarding a disconnect in

congregation. The service a few weeks back is an answer to that prayer. Beseech each of you to pray to seek God's direction for BBC and that all would lay aside our own desires and let God take us where He would. As a Deacon Body we are very assured that God is leading us.

Finance Report from Eric Crawford.

See attached PDF

Discipleship - printed reports are available in the back. Pick up as you leave.

YMC Report - met in April, reviewed last years goals and objectives and set new goals and objectives for this year.

Goals for 2006-2007: Outreach, parental participation, open to new yth pastors ideas and direction, and establish

a more prayer centered youth ministry. Goals - to develop an effective outreach process for each youth with the gospel, to establish and rebuild the parent ministry to seek ways to get parents involved, and implement a ymc led prayer ministry to include all youth and schedule a mid-year review to look at all four goals.

Yth Search Committee - identified top two candidates. Putting together questions for phone interviews and checking references. Brining that process to one individual to pursue.

Music Search Committee - down to no candidates. God closed the door on both candidates. Back to running ads and posting ads on the websites. Pray for us to find God's man for our church.

Encourage all ministries to make reports quarterly.
